EMPOWERING GIRLS AND WOMEN IN STEM!

Science Club for Girls

The annual Catalyst Awards recognize outstanding leadership, both individual and institutional, in advancing the mission of Science Club for Girls (SCFG).

Join us for an inspiring evening — hearing stories from our community, seeing our clubs 'in action', and meeting some remarkable women who are paving the way for a more diverse, inclusive world of STEM.

About **Science Club for Girls**

Founded in 1994, Science Club for Girls is a registered 501(c)3 organization that fosters excitement, confidence, and literacy in STEM for girls and young women from underrepresented communities with free, experiential community-based programs.

With women making up less than 26% of the STEM workforce — and Black and Hispanic women at less than 4% — SCFG addresses a critical need, offering a continuum of engaging activities in STEM for K-8 girls, junior mentoring and leadership experiences for high school girls, and adult mentoring and role modeling by committed women with STEM careers.

Our programs are designed as "clubs" to reinforce collaboration and teamwork, as these methods have been shown to greatly enhance girls' learning. To help build both skills and confidence, curriculum and club structures are designed to be inquiry-driven — activities are hands on, rather than demonstration style — with opportunities to experiment, to fail in safe and supportive settings, and to be resourceful and persistent. Science Club for Girls programs are organized by age/grade level.

2021 VIRTUAL CATALYST AWARDS

The Catalyst Awards celebration is our signature showcase and fundraising event, providing the resources we need to keep our programs free for the girls who need them most.

Corporate and Individual Sponsorship Opportunities

$25,000+
RARE ELEMENT

Invest in the long-term, future impact of Science Club for Girls—expanding programs to reach even more girls through operational and programmatic support. Customized benefits and publicity package—including opportunities for PR and a leadership spotlight.

$20,000
